

## Exercise

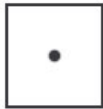

## DES 421 Professional Practice Project II Mobile App Development

### JavaScript - Dice

\_\_Use JavaScript images folder to copy 6 dice images to your work location.

\_\_Create an HTML document and JavaScripts to design the dice game.

The user has an image of the dice in the web page and the link " roll the dice" below the image.  
When the user clicks on the link, the dice rolls and shows different sizes randomly.

[roll the dice](#)

Use class exercises "Random Script", "Rollovers Script" for your reference.

Save your file as "YourLastName\_dice.html"
